TOTAL TERMINALS INTERNATIONAL, LLC

Medicare Part D Notice

Important Notice from Total Terminals International About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with Total Terminals International and about your options under Medicare's prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area. Information about where you can get help to make decisions about your prescription drug coverage is at the end of this notice.

There are two important things you need to know about your current coverage and Medicare's prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.
 2. Total Terminals International has determined that the prescription drug coverage offered by the Kaiser HMO and Aetna PPO and HMO Medical Plans is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered Creditable Coverage. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.
-

When Can You Join A Medicare Drug Plan?

You can join a Medicare drug plan when you first become eligible for Medicare and each year from October 15th to December 7th.

However, if you lose your current creditable prescription drug coverage, through no fault of your own, you will also be eligible for a two (2) month Special Enrollment Period (SEP) to join a Medicare drug plan.

What Happens To Your Current Coverage If You Decide to Join A Medicare Drug Plan?

If you decide to join a Medicare drug plan, your Total Terminals International coverage will not be affected. See below for more information about what happens to your current coverage if you join a Medicare drug plan.

Since the existing prescription drug coverage under Kaiser HMO, Aetna PPO and Aetna HMO plans is creditable (e.g., as good as Medicare coverage), you can retain your existing prescription drug coverage and choose not to enroll in a Part D plan; or you can enroll in a Part D plan as a supplement to, or in lieu of, your existing prescription drug coverage.

If you do decide to join a Medicare drug plan and drop your Total Terminals International prescription drug coverage, be aware that you and your dependents can only get this coverage back at open enrollment or if you experience an event that gives rise to a HIPAA Special Enrollment Right.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with Total Terminals International and don't join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not

have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.

For More Information About This Notice Or Your Current Prescription Drug Coverage...

Contact the person listed below for further information. NOTE: You'll get this notice each year. You will also get it before the next period you can join a Medicare drug plan, and if this coverage through Total Terminals International changes. You also may request a copy of this notice at any time.

For More Information About Your Options Under Medicare Prescription Drug Coverage...

More detailed information about Medicare plans that offer prescription drug coverage is in the "Medicare & You" handbook. You'll get a copy of the handbook in the mail every year from Medicare. You may also be contacted directly by Medicare drug plans.

For more information about Medicare prescription drug coverage:

- Visit [medicare.gov](https://www.medicare.gov)
- Call your State Health Insurance Assistance Program (see the inside back cover of your copy of the "Medicare & You" handbook for their telephone number) for personalized help
- Call 800-MEDICARE (800-633-4227). TTY users should call 877-486-2048.

If you have limited income and resources, extra help paying for Medicare prescription drug coverage is available. For information about this extra help, visit Social Security on the web at [socialsecurity.gov](https://www.socialsecurity.gov), or call them at 800-772-1213 (TTY 800-325-0778).

Remember: Keep this Creditable Coverage notice. If you decide to join one of the Medicare drug plans, you may be required to provide a copy of this notice when you join to show whether or not you have maintained creditable coverage and, therefore, whether or not you are required to pay a higher premium (a penalty).

Date:	April 1, 2025

Contact-Position/Office:	Evelyn Ceja
Address:	301 Mediterranean Way, Long Beach, CA 90802
Phone Number:	(562) 256-2884

Women's Health and Cancer Rights Act

If you have had or are going to have a mastectomy, you may be entitled to certain benefits under the Women's Health and Cancer Rights Act of 1998 (WHCRA). For individuals receiving mastectomy-related benefits, coverage will be provided in a manner determined in consultation with the attending physician and the patient, for:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance;
- Prostheses; and
- Treatment of physical complications of the mastectomy, including lymphedema.

These benefits will be provided subject to the same deductibles and coinsurance applicable to other medical and surgical benefits provided under this plan. If you would like more information on WHCRA benefits, contact Human Resources.

Newborns' and Mothers' Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours). If you would like more information on maternity benefits, contact Human Resources.

HIPAA Notice of Special Enrollment Rights

If you decline enrollment in TTI's health plan for you or your dependents (including your spouse) because of other health insurance or group health plan coverage, you or your dependents may be able to enroll in TTI's health plan without waiting for the next open enrollment period if you:

- Lose other health insurance or group health plan coverage. You must request enrollment within 31 days after the loss of other coverage.
- Gain a new dependent as a result of marriage, birth, adoption, or placement for adoption. You must request health plan enrollment within 31 days after the marriage, birth, adoption, or placement for adoption.
- Lose Medicaid or Children's Health Insurance Program (CHIP) coverage because you are no longer eligible. You must request medical plan enrollment within 60 days after the loss of such coverage.

If you request a change due to a special enrollment event within the 31 day timeframe, coverage will be effective the date of birth, adoption or placement for adoption. For all other events, coverage will be effective the first of the month following your request for enrollment. In addition, you may enroll in TTI's health plan if you become eligible for a state premium assistance program under Medicaid or CHIP. You must request enrollment within 60 days after you gain eligibility for medical plan coverage. If you request this change, coverage will be effective the first of the month following your request for enrollment. Specific restrictions may apply, depending on federal and state law.

Note: If your dependent becomes eligible for a special enrollment right, you may add the dependent to your current coverage or change to another health plan.

Availability of Privacy Practices Notice

We maintain the HIPAA Notice of Privacy Practices for Total Terminals International describing how health information about you may be used and disclosed. You may obtain a copy of the Notice of Privacy Practices by contacting Human Resources.

Notice of Grandfathered Plan Status

Total Terminals International believes the Kaiser HMO is a “grandfathered health plan” under the Patient Protection and Affordable Care Act (the Affordable Care Act). As permitted by the Affordable Care Act, a grandfathered health plan can preserve certain basic health coverage that was already in effect when that law was enacted. Being a grandfathered health plan means that your plan may not include certain consumer protections of the Affordable Care Act that apply to other plans, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act, for example, the elimination of lifetime limits on benefits.

Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to the Human Resources department. You may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.

Notice of Choice of Providers

The Kaiser HMO plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. Until you make this designation, Kaiser designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, visit kp.org.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from Kaiser or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact Kaiser at 800-464-4000.

Michelle's Law

The Total Terminals International plan may extend medical coverage for dependent children if they lose eligibility for coverage because of a medically necessary leave of absence from school. Coverage may continue for up to a year, unless your child's eligibility would end earlier for another reason.

Extended coverage is available if a child's leave of absence from school—or change in school enrollment status (for example, switching from full-time to part-time status)—starts while the child has a serious illness or injury, is medically necessary and otherwise causes eligibility for student coverage under the plan to end. Written certification from the child's physician stating that the child suffers from a serious illness or injury and the leave of absence is medically necessary may be required.

If your child will lose eligibility for coverage because of a medically necessary leave of absence from school and you want his or her coverage to be extended, notify Human Resources as soon as the need for the leave is recognized. In addition, contact your child's health plan to see if any state laws requiring extended coverage may apply to his or her benefits.

Premium Assistance under Medicaid and the Children's Health Insurance Program (CHIP)

If you or your children are eligible for Medicaid or CHIP and you're eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren't eligible for Medicaid or CHIP, you won't be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit www.healthcare.gov.

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial **1-877-KIDS NOW** or www.insurekidsnow.gov to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren't already enrolled. This is called a "special enrollment" opportunity, and **you must request coverage within 60 days of being determined eligible for premium assistance**. If you have questions about enrolling in your employer plan, contact the Department of Labor at www.askebsa.dol.gov or call **1-866-444-EBSA (3272)**.

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list of states is current as of July 31, 2024. Contact your State for more information on eligibility—

ACA Disclaimer

This offer of coverage may disqualify you from receiving government subsidies for an Exchange plan even if you choose not to enroll. To be subsidy eligible you would have to establish that this offer is unaffordable for you, meaning that the required contribution for employee only coverage under our base plan exceeds 8.39% in 2024 (9.02% in 2025) of your modified adjusted household income.
